The screenshot displays the IBM Watson Assistant interface in a web browser. The top navigation bar includes 'IBM Watson Assistant', 'Lite', 'Upgrade', and 'SMART BOT'. The left sidebar shows a menu with 'Actions' selected, and sub-options like 'Created by you', 'Set by assistant', 'Variables', 'Created by you', 'Set by assistant', 'Set by integration', and 'Saved responses'. The main content area shows a table of actions with columns: Name, Last edited, Examples Count, and Status. The table lists 11 actions, all created 2 days ago, with a status of 'Success'. The bottom of the interface shows a task bar with various application icons and system information like '26°C Partly cloudy' and '21:00 17-11-2022'.
